

PharmAcademic Release Notes: December 2025

The December 2025 PharmAcademic Release addresses the following follow-up items from the most recent update. For additional details, please consult the PharmAcademic Help Center or contact support@mccreadiegroup.com.

- Reminder email notifications will no longer be sent to residents after they have submitted their Electronic Resident Development Plans, or for plans that have been removed by the RPD or Designee.
- The “Resident Master Schedule” report has been updated to include Non-Learning Experiences.
- When a learning experience is copied from another resident’s schedule, the system now saves the “Type” and “Selective Group” designated for the learning experience.
- The “Type” and “Selective Group” are now displayed in the header when viewing a learning experience.
