

PharmAcademic Release Notes: May 2026

The May 2026 PharmAcademic Release addresses the following items. For additional details, please visit the PharmAcademic Help Center or contact support@mccreadiegroup.com.

- Refreshed analytics dashboards (Site and ASHP) using data collected in the 2025-2026 ASHP Annual Accreditation Report.
- Updated the calculation of weeks in the “Resident Master Schedule” and “Overall Evaluation Status” reports to remove weekend days from the count and adjust partial week calculations.
- Added an “Academic Year” filter to the Duty Hours reports on the Program Reports page (“ASHP Duty Hours Status for the Program” and “ASHP Duty Hours Responses for the Program”).
- Corrected the ASHP email address in the updated Terms of Use.
- Updated list of Objective Activities on the Resident Competencies tab to include only activities assigned to the selected objective.
- Fixed an issue preventing file uploads in My Profile
- Resolved an issue with password resets for users whose email address contains an apostrophe.
- Fixed the “Goals and Objectives with Evaluation Responses” report (PDF version) from incorrectly displaying goals as ACHR.
- Corrected the ASHP site data chart to limit results to Accreditation Report data only.
- Fixed an issue where copying a Learning Experience to the same program did not save activity mappings.
- Fixed the Program Report "Overall Electronic Development Plan Status" to include column headers.
